INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Women for Women International and Affiliates

CONSULTING ACCOUNTING TECHNOLOGY

Certified Public Accountants We have audited the accompanying consolidated statement of financial position of Women for Women International and Affiliates (collectively referred to as Women for Women) as of December 31, 2011, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended. These consolidated financial statements are the responsibility of Women for Women's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit. The prior year summarized comparative information has been derived from Women for Women's 2010 consolidated financial statements and in our report dated June 15, 2011, we expressed an unqualified opinion on those consolidated financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Women for Women's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Women for Women as of December 31, 2011, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The supplemental consolidating statements of financial position and activities are presented for the purpose of additional analysis of the consolidated financial statements rather than to present the financial position and changes in net assets of the individual entities. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The consolidated financial statements and certain additional procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare

the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the consolidating information is fairly presented in all material respects in relation to the consolidated financial statements taken as a whole.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the Year Ended December 31, 2011

1. Organization and Summary of Significant Accounting Policies

Organization

Women for Women International US

Women for Women International US (Women for Women US) was founded in 1993. Women for Women US is a humanitarian organization dedicated to providing women survivors of war, civil strife, and other conflicts with the tools and resources needed to move from crisis and poverty into stability and self-sufficiency. Women for Women US was founded to help women overcome the horrors of war in ways that help them rebuild their lives, families and communities. Through a tiered program that begins with direct financial and emotional support, Women for Women US fosters awareness and understanding of women's rights; offers vocational and business skills training; and provides access to income generation support that helps women restart their lives in ways that are independent, productive and secure. Women for Women US has operations in Afghanistan, Bosnia and Herzegovina, the Democratic Republic of the Congo, Iraq, Kosovo, Nigeria, Rwanda and Sudan. These activities are funded primarily through individual contributions and foundation, multilateral, government and corporate grants.

Women for Women International United Kingdom

Women for Women International United Kingdom (Women for Women UK) was established and received its charitable status in 2006. Women for Women UK was formed to build Women for Women US's presence and reputation in Great Britain and Europe. Women for Women UK is working to diversify the overall organizational funding and supporter base and raise public awareness about the importance of women's participation in post-conflict reconstruction and development. These activities are funded primarily through individual contributions and foundation grants.

Women for Women International, Afghanistan Microfinance

Women for Women US began its Microcredit Lending Program in Afghanistan in July 2004. Women for Women International, Afghanistan Microfinance (Afghanistan MCO) was one of the first organizations to receive funding from Microfinance Investment and Support Facility for Afghanistan (MISFA), which was established by the World Bank. In July 2007, Afghanistan MCO was formed under the laws of Afghanistan as a separate legal entity with an issued share capital of 100 shares. Women for Women US owns 96% of these shares. Until June 2011, Afghanistan MCO was one of four organizations in Afghanistan that offered loans exclusively to women and provided affordable microcredit loans that help women restart their lives in ways that are independent, productive and secure. In June 2011, the Afghanistan Microfinance Program assigned its loan portfolio and other assets to MISFA as partial payment for the outstanding loans payable owed to MISFA. Although the legal entity structure has been preserved, Afghanistan MCO is no longer functioning as a viable going concern and does not

intend to engage in microfinance operations in the future. Women for Women US has no obligation to repay Afghanistan MCO's remaining outstanding loans of the Afghanistan MCO. The loans will continue to be shown as a liability until the debts are forgiven or otherwise formally discharged by MISFA. See Note 14 for additional discussion about these transactions.

Principles of Consolidation

The consolidated financial statements include the accounts of Women for Women US, Women for Women UK, and Afghanistan MCO (collectively referred to as Women for Women). These entities have been consolidated due to the presence of common control and economic interest, as required under accounting principles generally accepted in the United States of America. All significant intercompany balances and transactions have been eliminated in the consolidation.

Cash and Cash Equivalents

Women for Women considers money market funds and certificates of deposit purchased with an original maturity of less than three months to be cash equivalents.

Property and Equipment and Accumulated Depreciation and Amortization

Property and equipment are stated at cost. Office furniture, computers and other equipment and vehicles are being depreciated on a straight-line basis over their estimated useful lives of five years. Depreciation on the building commenced during 2011, when the building was put in use and will be amortized over an estimated useful life of 20 years. Web development (including costs incurred during the application stage related to the development of the website) is amortized on a straight-line basis over an estimated useful life of three years. Internally developed software is amortized on a straight-line basis over an estimated useful life of five years. Maintenance and repair costs are charged to expense as incurred. Leasehold improvements are amortized over the lesser of their estimated useful lives or the remaining life of the related lease. Expenditures for major repairs and improvements are capitalized. At the time property and equipment is retired or otherwise disposed of, the property and equipment and the related accumulated depreciation or amortization accounts are disposed of, and the property and equipment and the related accumulated depreciation or amortization accounts are eliminated from their respective accounts, with the resulting gain or loss, if any, credited or charged to operating revenue or expenses. Women for Women uses a capitalization threshold of \$2.500.

1. Organization and Summary of Significant Accounting Policies (continued)

Investments

Investments consist of certificates of deposit with an original maturity date of three months or more, equities, mutual funds, money market funds part of the investment portfolio and bonds. The investments are recorded in the accompanying consolidated financial statements at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Also included in investments is \$66,991 of investments related to the deferred compensation liability.

Classification of Net Assets

The net assets of Women for Women are reported as follows:

- Unrestricted net assets represent the portion of expendable funds that are available for support of Women for Women's operations. Unrestricted net assets also include boarddesignated net assets that have been designated by the Board of Directors to start a reserve fund.
- Temporarily restricted net assets are specifically restricted by donors for various programs or use in future periods.
- Permanently restricted net assets represent funds requiring that the gift be held in perpetuity and that only the investment earnings be expended for the purposes designated by the donors.

Revenue Recognition

Unrestricted contributions are recognized as revenue in the period received or when unconditional promises are made. Contributions and grants receivable represent amounts unconditionally committed by individuals or grantors that have not been received by Women for Women as of the end of the fiscal year.

Women for Women reports gifts of cash and other assets as temporarily restricted if they are received with donor stipulations that limit the use of the donated assets. When a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the accompanying consolidated statement of activities as net assets released from restrictions. Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2011

1. Organization and Summary of Significant Accounting Policies (continued)

Revenue Recognition (continued)

Women for Women receives grants from governments and foundations in exchange for services. Revenue from these grants is recognized as direct costs are incurred on the basis of direct costs plus allowable indirect costs and based on the percentage of the task completed. Revenue recognized on these grants for which billings have not been presented to the grantor and cash has not been received from the grantor is reflected as contributions and grants receivable in the accompanying consolidated statement of financial position. Funds received, but not yet expended, under these grants are reflected as refundable grant advances in the accompanying consolidated statement of financial position.

Donated Professional Services

Women for Women receives professional services from companies and is not charged for these services. In accordance with accounting standards related to contributions, Women for Women recognizes revenue and corresponding expenses for donated professional services based on management's estimate of the cost that Women for Women would have incurred if these services had not been donated. During the year ended December 31, 2011, Women for Women received donated legal, advertising and architectural services with an estimated value of \$531,176. This amount is included in donated services in the accompanying consolidated statement of functional expenses based on the functional areas benefited.

Women for Women benefits from the dedicated service of a number of volunteers. Volunteers have contributed more than 3,434 hours of service for the year ended December 31, 2011. The value of this contributed time is not reflected in the accompanying consolidated statement of activities because it does not meet the necessary criteria for recognition under US generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of the consolidated financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Transactions in Foreign Currencies

Women for Women conducts many of its programs through field offices in foreign countries and, accordingly, transacts in the local currencies of those countries. These foreign currency transactions are translated into US dollars at the appropriate exchange rates when each transaction is executed. The resulting gain (loss) is reflected in the accompanying consolidated statement of activities as net foreign currency transaction gains (losses). The US dollar is

considered the functional and reporting currency of Women for Women US. The functional currencies of Women for Women UK and Afghanistan MCO are the local currencies of the respective countries and are translated into US dollars at current exchange rates. The resulting translation gain (loss) is shown in the accompanying consolidated financial statements as a separate component of the change in net assets.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the accompanying consolidated statement of activities and consolidated statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on direct costs and an allocated portion of shared costs. Women for Women's major programs are as follows for the year ended December 31, 2011:

Training and related programs – The training programs foster awareness and understanding of women's rights; offers vocational and business skills training; and provides access to income generation support that helps women restart their lives in ways that are independent, productive and secure. Participants may also be linked with a sponsor. Sponsorship links women around the world with women survivors of war in the countries and regions in which Women for Women operates. Each sponsor contributes \$30 per month, a portion of which is given to her "sponsored sister" as a training stipend and supports her participation in yearlong rights awareness education and job skills training programs. Sponsors and sisters may also exchange letters, providing emotional support to a woman who has lost everything due to war.

Microcredit lending program – Until June 2011, the microcredit lending program provided small loans to women in Afghanistan. Afghanistan MCO requires all of the borrowers to form solidarity groups of three to 10 members that will act as cosigners for each other's loans. Interest and/or service fees are computed at a flat interest rate of 15% of the original loan amount and are then repaid in equal amounts over the life of the loan. A payment plan is scheduled for an average of nine months. Women for Women meets with the borrowers on a semimonthly or monthly basis to collect the loan repayments. Additional information about this program is included in Note 14.

Media, communications and outreach program – The media, communications and outreach program creates allies and advocates for socially excluded women in conflict-ridden societies. The program provides updates on situations and current events in post-conflict societies and personal stories of women living in post-conflict societies. The program seeks to educate Women for Women's supporters about the challenges women face in rebuilding their lives, families and communities in the aftermath of war.

4. Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic *Fair Value Measurements and Disclosures* defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles, and expands disclosures about fair value measurements. The ASC emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and therefore, a fair value

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the Year Ended December 31, 2011

4. Fair Value Measurements (continued)

measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, the ASC established a fair value hierarchy based upon the transparency of the inputs to the valuation of an asset or liability. These inputs may be observable, whereby market participant assumptions are developed based on market data obtained from independent sources, and unobservable, whereby assumptions about market participant assumptions are developed by the reporting entity based on the best information available in the circumstances. The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs based on unadjusted, quoted market prices in active markets for identical assets or liabilities accessible at the measurement date.

Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets.

Level 3 – Unobservable inputs for the asset or liability, including the reporting entity's own assumptions in determining fair value.

As of December 31, 2011, only Women for Women investments, as described in Note 2 of these consolidated financial statements, were measured at fair value on a recurring basis.

Women for Women used the following methods and significant assumptions to estimate fair value for assets recorded at fair value:

Government securities – mutual funds – Government securities – mutual funds are valued at the net asset value (NAV) of shares held at year-end, which is a quoted price in an active market.

Certificates of deposit – Are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable characteristics.

Equities – Where quoted prices are available in an active market, investments and other assets are classified within Level 1 of the valuation hierarchy. Level 1 investments include publicly traded equities and mutual funds.

4. Fair Value Measurements (continued)

Bonds – These investments are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable characteristics, as provided by a third party using a computerized valuation formula. These investments are classified within Level 2 of the valuation hierarchy.

5. Conditional Grants

Women for Women was awarded a four-year conditional grant amounting to \$15,000,000 and a three-year conditional grant amounting to \$1,256,976 during the years ended December 31, 2009 and 2010, respectively. The grants are contingent upon Women for Women's achievement of certain goals and milestones mutually agreed to between Women for Women and the donors. Payments will be made to Women for Women at various times through the year ending December 31, 2012, based on the goals and milestones established in the grant agreements. For the year ended December 31, 2011, Women for Women recognized \$4,168,992 in revenue under these grants, which is included in foundation, multilateral and corporate contributions revenue in the accompanying consolidated statement of activities. The remaining balance related to these grants of \$4,168,992 will be recognized in future periods when it is definite that Women for Women will be able to meet the goals and milestones that have been established in the grant agreements.

7. Loans Payable

Afghanistan MCO entered into several loan agreements to help fund its microloan programs in Afghanistan. In June 2011, Afghanistan MCO assigned its loan portfolio and other assets to MISFA as partial payment for the amount outstanding on the loans payable to MISFA. The remaining loans payable will continue to be shown as liabilities until the debts are forgiven or otherwise formally discharged. Although the legal entity structure has been preserved, Afghanistan MCO is no longer functioning as a viable going concern and does not intend to engage in microfinance operations in the future.

As of December 31, 2011, Afghanistan MCO was obligated under the following loan payable agreement, which has been converted to US dollar equivalents for presentation in the consolidated financial statements:

In February 2009, Afghanistan MCO renegotiated its old loan with MISFA and entered into a new loan agreement with MISFA for a loan of up to Af 300 million (which is equivalent to approximately \$6.6 million US as of December 31, 2011) for its microcredit lending The terms of the agreement require program in Afghanistan. Afghanistan MCO to pay a quarterly interest charge of 5% per annum to MISFA on any outstanding funds. Interest expense for this loan totaled \$47,514 for the year ended December 31, 2011. The balance reflects the remaining principal due after the estimated fair value of the assets assigned to MISFA have been deducted. Any excess collections on the loans receivable will be applied against this balance, but it is not expected that the balance can ever be fully repaid. As of May 2011, MISFA stopped accruing interest on this loan, and as of June 1, 2011, Women for Women could no longer borrow funds from this loan. \$ 2,018,448

8. Operating Lease

Women for Women leases its office space in Washington, DC, under a noncancelable operating lease. The lease provides for fixed annual rent increases of 2.25%. The lease expires in July 2016. Women for Women is responsible for its proportionate share of the real estate taxes and operating and maintenance costs of the landlord. The lease provided incentives for building out the space, which totaled \$602,560. Under US GAAP, all rental payments, including fixed rent increases, are recognized on a straight-line basis over the term of the lease. The difference between the US GAAP rent expense and the required lease payments is reflected as deferred

10. Risks and Commitments

Office of Management and Budget Circular A-133

Women for Women has instructed its independent auditors to audit its applicable federal programs for the year ended December 31, 2011, in compliance with Circular A-133 issued by the US Office of Management and Budget (OMB). Until such audit is reviewed and accepted by the contracting or granting agencies, there exists a contingent liability to refund any amounts received in excess of allowable costs. Management believes that any matters arising from the reviews by the federal or state agencies of the independent auditor's reports will not have a material effect on Women for Women's financial position as of December 31, 2011, or its results of operations for the year then ended.

Provisional Indirect Cost Rates

Billings under cost-reimbursable government contracts and grants are calculated using provisional rates that permit the recovery of indirect costs. These rates are subject to audit by the US Department of State (State). The audit results in the negotiation and determination of the final indirect cost rates, which may create a liability for indirect cost recovery for amounts billed in excess of the actual rates, or may allow for additional billings for unbilled indirect costs. State audits costs related to US government contracts and grants in accordance with Circular A-122, issued by the OMB. State has yet to audit the costs and indirect cost rates for the year ended December 31, 2011. Management believes that cost disallowances, if any, arising from State's audit for 2011 will not have a material effect on Women for Women's financial position as of December 31, 2011, or its results of operations for the year then ended.

Foreign Operations

Women for Women has operations in several foreign countries. These foreign operations maintain cash accounts and fixed assets. In addition, the inventory and portions of the prepaid expenses, receivables and other assets are related to activities in these foreign countries. The future of these programs may be adversely affected by a number of potential factors, such as currency devaluations, terrorist activity or changes in the political climate. As of December 31, 2011, assets in these countries totaled approximately \$6,457,000, representing approximately 32% of Women for Women's total consolidated assets.

Concentration of Credit Risk

Women for Women maintains its cash and cash equivalents with certain commercial financial institutions, which aggregate balance, at times, may exceed the Federal Deposit Insurance Corporation (FDIC) insured limit of \$250,000 per depositor per institution. As of December 31, 2011, Women for Women had approximately \$5,600,000 composed of demand deposits (excluding noninterest-bearing transaction accounts, which are fully insured regardless of their

balance), savings and money market accounts, and certificates of deposit, which exceeded the maximum limit insured by the FDIC by approximately \$5,300,000. Women for Women monitors the creditworthiness of these institutions and has not experienced any credit losses on its cash and cash equivalents. In addition, Women for Women also holds cash in bank accounts in foreign countries. As of December 31, 2011, cash held in foreign institutions was approximately \$3,100,000.

Line of Credit

Women for Women has a \$1,000,000 unsecured revolving line of credit with a bank. The line of credit bears interest at the bank's prime rate plus 0.9% (which was 3.25% as of December 31, 2011). The line can be withdrawn at the bank's discretion and is due upon demand. As of December 31, 2011, there was no outstanding balance on this line of credit nor were amounts borrowed and paid off during the year.

11. Deferred Compensation and Pension Plan

Women for Women offers eligible employees a deferred compensation plan (the Plan), which was created in 2009 in accordance with Section 457(b) of the Internal Revenue Code. The Plan permits participants to defer a portion of their compensation on a pre-tax basis until future years. Deferred compensation and investments designated for such deferrals are available and taxable to participants or their beneficiaries only upon termination of employment, retirement, death or an unforeseeable emergency. Until paid or made available to the participant or beneficiary, all deferred amounts, investment earnings related to deferred amounts, and all property and rights purchased with these amounts are solely the property and right of Women for Women. Deferred compensation plan investments consist of equities and bonds and are recorded at fair value at December 31, 2011. As of December 31, 2011, the deferred compensation plan had a balance of \$66,991.

Women for Women sponsors a defined contribution plan for all employees. Women for Women matches employee contributions to the plan up to 5% of an employee's salary. Pension expense was \$202,008 for the year ended December 31, 2011.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the Year Ended December 31, 2011

12. Income Taxes

Women for Women US is exempt from the payment of taxes under Section 501(c)(3) of the Internal Revenue Code on income other than net unrelated business income. No provision for income taxes is required as of December 31, 2011, as Women for Women had no net unrelated business income. Women for Women UK is a charity incorporated in England. Afghanistan MCO is a nonprofit entity under the laws of Afghanistan and, as of December 31, 2011, no net income taxes are due.

During the year ended December 31, 2011, Women for Women adopted the authoritative guidance relating to accounting for uncertainty in income taxes included in ASC Topic *Income Taxes*. These provisions provide consistent guidance for the accounting for uncertainty in income taxes recognized in an entity's consolidated financial statements and prescribe a threshold of "more likely than not" for recognition and derecognition of tax positions taken or expected to be taken in a tax return. Women for Women performed an evaluation of uncertain tax positions for the year ended December 31, 2011, and determined that there were no matters that would require recognition in the consolidated financial statements or that may have any effect on its tax-exempt status. As of December 31, 2011, the statute of limitations for tax years 2008 through 2010 remains open with the US federal jurisdiction or the various states and local jurisdictions in which Women for Women files tax returns. It is Women for Women's policy to recognize interest and/or penalties related to uncertain tax positions, if any, in income tax expense.

13. Prior Year Summarized Information

The consolidated financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with US generally accepted accounting principles. Accordingly, such information should be read in conjunction with Women for Women's consolidated financial statements for the year ended December 31, 2010, from which the summarized information was derived.

14. Afghanistan MCO

During 2011, Afghanistan MCO transferred certain assets and liabilities to MISFA that aggregated \$809,593. As consideration for assignment of the assets, MISFA agreed to reduce the amount of the outstanding loan obligations discussed in Note 7 by the same amount. As a result, all of Afghanistan MCO's assets were transferred to MISFA, with a corresponding reduction in the outstanding loan balances. The loans receivable balances that were assigned to

14. Afghanistan MCO (continued)

MISFA and were used to reduce the loan payable amount owed by Women for Women were based on the estimated fair value of the portfolio as of May 2011, which was determined by an independent third party. MISFA is currently attempting to collect the loans receivable balance and additional amounts on the loan payable will be forgiven when additional loans are collected. It is Women for Women's understanding that the rest of the loan payable amount will eventually be forgiven, but this was not confirmed by MISFA. As a result, the remaining balance on the loan will be reported as a current liability until it can be formally forgiven by the lender or otherwise discharged and removed from the consolidated financial statements. Afghanistan MCO is still in existence as a legal entity but it is not conducting lending or other activities and has no plans to do so in the future.

15. Subsequent Events

In preparing these consolidated financial statements, Women for Women has evaluated events and transactions for potential recognition or disclosure through June 6, 2012, the date the consolidated financial statements were available to be issued. There were no subsequent events that require recognition of, or disclosure in, the consolidated financial statements.
